GIVE R MILES P-TA AWARD MRS H DECKER NEXT PRES

The P.T.A. life membership awarded each year by the local organization to a worthy member was given at the March monthly meeting. The presentation was made to Rollin Miles, 15 years' a school bus driver, by Mrs. Vic Konig.

Miss Elizabeth Dickerson, school superintendent, brought before the group the problems of the school's annual picnic. Past experiences in transporting the students in the elementary school to Anaheim park for the day have caused school officials plenty of worry. Now that the enrollment has reached 606 boys and girls, it has become a Herculean task.

Miss Dickerson pointed out that it is advisable to have one adult accompany the group for each eight children represented.

Together with adequate transportation and the hazard presented by the pool in the park, a substitute plan has been devised for this year's play day.

Members readily agreed to a treat of ice cream which the P.T.A. furnishes to be served following the annual movie, after which a school holiday will be declared and the children will be dismissed to their homes. An appropriate slogan for this year's plan could be, "A good time and a safe time."

New Officers

A unanimous ballot was cast for officers presented by the nominating committee. Elected for next year was Mrs. Howard Decker, president; Mrs. Murel Bouse, vice president; Mrs. Harry Smits, secretary; Mrs. Louis Wlaschin, treasurer; Mrs. George Alleman, auditor; Mrs. Clarence Fender, parliamentarian and Mrs. Virgil Webster, historian.

The P.T.A. voted to purchase an over-size lace table cloth to be used on special occasions and also it was decided to buy a president's pin which will be the property of the organization. A financial report of the treasurer showed that \$215.30 was turned over to the treasury from the Gay 90's revue.

Before showing an educational film of baby's development, Willard Saucerman of the county school's office spoke briefly on "No Two Are Alike."

The pupils of the second grade presented the entertainment portion prior to the business meeting. The work done by these children was outstanding in every way.

Fourth grade mothers were responsible for refreshments of cake and coffee, using the Irish theme of Saint Patrick's day in their decorations.

Room count revealed that Mrs. Barton, Mrs. Thompson and Mr. Keefe's rooms had won.

WIDESPREAD PUBLICITY

With the notation, "imagine this item in the Saskatoon Star," a clipping was received by T. R. Woods, 8242 Gay St., from his mother in Canada. Captioned "Old excuse!" the news item dated Cypress, California, described the conditions under which John Ogle's home burned to the ground.

C. J. Sanders read the same news release telling of the women talking on the 10-party telephone line in the home-town paper from Anniston, Alabama.

Cypress Men Discuss Plans For I.O.O.F

A meeting was held at the VFW hall on Tuesday evening, during which a group of men discussed plans to form an Odd Fellow's lodge in Cypress. Two members of the Busy Bees club, Mrs. Jack Junker and Mrs. Harold Appleby served refreshments of coffee and sandwiches at the close of the business session.

The Busy Bees will meet at the hall on March 28. An announcement will be made as to when the club may be expected to be instituted as a chapter of the Rebekah lodge. Mrs. Kay Jackson and Mrs. Thelma Essex will be hostesses.

On display in the Essex variety store window is a set of silver which will be given away at a drawing to be held on April 8.

The Busy Bees will have another of its popular food sales at the corner of Lincoln and Walker Saturday, March 18.

BACK TO OLD SKED

Boys and girls who work out in the school auditorium under the instruction of weightlifters and other trainers are returned to their old schedule. Meetings are once again held on Wednesday and Friday nights.

Said In Cypress

That undoubtedly the meanest person in Cypress was the one who stole the bike belonging to the Ogle's the night of the fire. When the family returned from staying all night in Long Beach after the loss of their home, the bike was gone.

That we were happy to call on the William Wickers on Walker street Saturday afternoon. The bond between us was the two red dachshunds belonging to their daughter, Mrs. Rhoda Johnson, Trudy and "Butch". Their other daughter's family, the W. Davidson's, prefer cocker spaniels. The Wickers have lived in Cypress for 38 years, one of the town's first families.

That Mrs. Ruth Lockman eclipses us all for pet stories. Her chihuahua's one remaining pup from a litter recently weighed in at one and one-half ounces at one week, including the Kleenex in which it was wrapped. The pup is gaining in strength daily, due largely to the fact that Ruth has fed it from a medicine dropper at two-hour intervals every day and night.

That our question was answered as to why the conductor calls "Shirley" at the Juanita stop on Orange. The very elderly Mr. Shirley, for whom the station was named several years ago, still lives with his daughter on Orange near the tracks. On his birthday last year, which was somewhere near 90, he boarded the train alone and visited a daughter in Los Angeles.

NOTICE

Mrs. John Lukens, president of the P.T.A., is announcing two important coming events.

On Wednesday, March 22 at 1:30 in the school auditorium, the organization will sponsor a picture called, "Human Growth." With the picture will be a discussion by John Hays of the county school's office. The film is for adults only, and no children will be admitted. There is no charge, and all parents are urged to attend.

A P.T.A. sponsored rag drive will take place the last week in March. Any donations to this project will be appreciated. Worn out hose are acceptable. Sacks and notes of explanation will be sent home with the school children.

Hit-Run Autoist Crashes Head-on Into Dean's Car

A hit and run driver nicked the left front side of the Al Dean's car Saturday night, doing considerable damage to the machine, and sending them careening into the ditch at the side of the road.

Mr. and Mrs. Dean and their children Junior, Rosemary and Kenneth were driving south on Moody from their home at 8302 Crescent. They were en route to the teen-canteen at the schoolhouse where Mr. and Mrs. Dean and Mr. and Mrs. Clarence Fender act as chaperones.

The Dean's daughter and son-in-law were in another car following them, but they were unable to overtake the car which caused the damage. "Slim" McCoid and "Slim" Plantinga, who were close by, searched the area also, but to no avail.

The group was badly shaken up, but no one was hurt seriously.

Dorothy O'Neal Rolls 221 in State Tourney

Bowling in the state women's tournament in Richmond, Calif., over the weekend, Dorothy O'Neal, captain of the Cypress Triangle drive-in bowling team, rolled a 221 which placed her in sixth place in Class B competition in early tallies.

Final tabulations will not be made for two weeks, but the majority of the competition took place last weekend, so a high spot for the Cypress bowler is almost assured.

Participants are placed in classes according to their averages for the season. Mrs. O'Neal's is 154 in local league play, and she rolled a 164 average in state competition at Richmond.

For the series, Mrs. O'Neal had a 482 in the singles, and a 543 in the doubles play.

CAR SMASH-UP

A bad accident occurred Monday afternoon at Lincoln avenue and Hanson road when a car driven by Clyde C. Hayes of Montebello allegedly failed to make a boulevard stop.

A passenger in the car, J. C. Papapoff of Los Angeles was reported by the highway patrol to have injured his back in the collision.

Woman's Club Plans Genuine Spaghetti Meal

Twenty-one members enjoyed the hospitality of their president, Mrs. Murton Jones when she was hostess Tuesday to the Cypress Woman's Community club at her home, 8592 Walker street.

A delicious dessert was served with coffee at the beginning of the meeting, which is a custom of the group. Decorations were in the theme of the approaching St. Patrick's day.

A note of appreciation for attention during her illness was read from the former president, Mrs. Emily Fernandez. She is recuperating at home.

Mmes. A. E. Arnold, James Bryant and Mrs. Jones constitute the hospital visiting committee this month.

Most of the business meeting was given over to planning for a real Italian spaghetti and meat ball dinner, to which the public will be invited on April 12. It was decided to sell tickets for adults at 85c, and for children 35c. A \$5 door prize is planned. The dinner will be served at the schoolhouse in the utility room.

Mrs. Frank Noe drew the mystery package.

Mrs. "Dick" Hathcock will be hostess for next month's meeting which will be held on April 11.

Cina-Car Theatre Has Spring Opening

Two motion pictures which are nominees for the academy award prize are being featured at the spring re-opening of the Cina-car drive-in theatre, one mile east of Cypress on Lincoln avenue.

"Twelve o'Clock High," a stirring aviation war story starring Gregory Peck is one of them, while the other is "Pinky," starring Jeanne Crain, a story of love and exploitation.

A family-owned and managed theatre, the Cina-car will feature pictures of family interest as before, and will try to judge them not only from a standpoint of their greatness, but also from the requests of the type of pictures wanted by many patrons.

The theatre will operate with two changes per week, one Sunday, Monday and Tuesday, and the other Thursday, Friday and Saturday.

I RISE TO REMARK

by John Phillips

"This administration is for economy," said the director of the U.S. budget. He was speaking to the National Press club on the 9th. "There is no danger in deficit spending; we do not mean to continue it," added Mr. Pace.

Now let us see. The administration now admits that the DEFICIT, without the usual additions in deficiency bills, will be \$5.1 billions. When I added up the items I made it over \$10 billions but I included contract authorizations, so we will use the \$5.1 billions figure.

If we cannot live within our income in times of good employment and relatively high income, we cannot live inside it when employment drops, and income shrinks. We have four choices:

(1) increased taxes; (2) printing press money (inflation); (3) just to keep on to the point of collapse; or (4) to get back inside our income, as we did in the 80th Congress.

Twelve Billion

Forget argument, and look at the facts. Excluding defense, interest on the debt, veterans, and the costs in these "urgent" groups, the simple, DOMESTIC civilian programs total \$12.3 billion for fiscal year 1951, as compared with \$6.6 billion in 1948, ONLY THREE YEARS AGO. You must also compare these figures with \$6.4 billion in 1939, and then realize that this last figure included \$3.1 billion FOR WORK RELIEF and DIRECT RELIEF, in the depression.

The argument of Mr. Pace falls flat on its face. It is NOT the costs of "past, present and future wars," as the administration delightfully likes to call the problem, but the problem of Mr. Truman's own domestic policies, and it overlooks the relief costs of the '30s in computing the comparison.

Four Figures

Take a few items from my own subcommittee: I will give four figures in each instance. The first will be 1941 (ten years ago); the second will be the first Truman budget of fiscal year 1947; the third will be this year, and the fourth will be f. y. 1951, on which budget we are now working. Notice particularly that in every case the request for next year is LARGER than the cost for this year.

White House, \$152 thousand, to 184 to 260 to 266.

Civil Service, \$5 million to 12 to 16 to 17.

Tariff Commission, \$.9 million to .95 to 1.2 to 1.4.

Smithsonian, \$1.3 million to 2.5 to 3.4 to 4.

Federal Power \$2.4 million to 3.7 to 4.0 to 4.5.

Federal Trade, \$2.3 million to 2.8 to 3.6 to 4.2.

Non-War

I chose these at random and included domestic items only, non-war. If I went between categories, I could take the National Advisory committee for Aeronautics, which came to the Congress 10 years ago and got au-

'Chit-Chat from The Teeners'

By Gloria McKinzie

Betty Murphy had a get together a week ago last Wednesday night. Those people at the gay affair were Kay Kelliker, Peggy Flynn, Bev Cook, Warner Gedney, Louie Stephens, Neal Collins, Bob Van Dyke and Ralph Mason.

Who is Peggy Flynn's new flame? Could it be Irwin Kelly from Anaheim?

Is it still Wayne Hudson for fine dates with Verda Van Buskirk?

Who is the mystery man in Lois Valentine's heart?

Who did Frank Ferriera take home Saturday night from the dance? Could it have been M.S., P.D. and where was D.C.?

Vance Newkirk, Ralph Mason, Alberta Slabaugh and Peg Flynn about dropped dead when they saw Sonny Tufts at Laguna Beach Sunday. It seems Berta knew it was Sonny Tufts so Berta walked up to him and calmly asked him if he was and after his saying yes, Berta strode shyly on her way. Everyone had a nice time.

Personalities of the week are Norma Bounds and Ralph Mason.

The best dressed of the week are Rosie Bader and Whitney McLaughlin.

Who is the new girl under Roland Signer's spell?

Hey! You guys and gals don't forget the formal dance this Saturday for the Hi-teeners. No stags! We want a good crowd to show our Cypress teenage spirit.

New Business—Lincoln Avenue

A new and used furniture store has been opened at 5631 Lincoln avenue, in the building which formerly housed the Los Coyotes market.

It is known as the P & H Trading post. Mr. and Mrs. Howard Rumsey, owners, and their two sons are residents of Long Beach.

The store will handle all kinds of used furniture, tools, dishes, etc. for sale or exchange. It is hoped to build up a good grade of merchandise and add new stock as fast as room is available.

thorization to spend \$8,000,000. Their figures are: \$8. million to 30, to 52, to 62.6.

I rise to remark that I hope you will never be deceived by the propaganda that we can continue present deficit spending policies and avoid national collapse. That soothing syrup flows persistently from the mimeograph machines of the agencies. It is paid for by the taxpayers. This is the first time in recorded history, as I have said before, that the victim of a slow poisoning plot was required by the poisoner to pay for the poison used to kill him. Even the Borgias, the Italian gangsters of the Middle Ages, had the self-respect to pay for their own poison.

TANDE INFANT DIES AT HOSPITAL WEDNESDAY

A baby girl weighing only a pound and 11 ounces was born to Mr. and Mrs. Forrest Tande, 9076 Walker street, Tuesday morning, in Park hospital in Long Beach. Despite efforts of the staff to save the baby by placing it in an incubator, the tiny infant died Wednesday.

When Mrs. Tande became ill Saturday afternoon, efforts to reach her husband at work failed so her neighbors, Mr. and Mrs. Frank Williams took her to Long Beach.

The couple has a daughter, Patricia, five years old. She had undergone a tonsilectomy the weekend before.

Father and Son Ill at Home

Concerned friends of Harold Appleby, 5562 Danny avenue, are hoping for his quick recovery from an undiagnosed ailment which may necessitate placing his limbs under traction. A decision was to be made at this week's end.

His son, J. R. Appleby, a youth of elementary school age, has been home for almost a year with an illness which involved softening of the hip bone.

Prior to a zone rally in Santa Ana Thursday evening, members of the local Church of the Nazarene Young People's society visited the TB ward at the county hospital. At five o'clock they put on a program to entertain the patients.

Survey Shows Late Television Shows Hurt School Kids

In a survey taken in an Orange county school system recently, it was found that late television shows are having a detrimental effect on the work of school children.

In one primary room, 11 children out of 27 were up till 10:00 and eight of them stayed up until midnight or after. Less than one-third of the first graders went to bed by 8:00 o'clock, the survey showed.

Teachers reported too many tired, restless, irritable children, many of them with blood-shot eyes from staring at the screen for long periods of time. Authorities declared that boys and girls in elementary school need at least 10 hours of sleep each night. They said that week-night shows and exciting radio or television programs just before going to bed are not advisable for children.

"When you're out flying your
kites, fly them the SAFE way!"

REDDY KILOWATT is right about that, boys and girls. The "expert" kite flyers know that it's more fun when you follow the four simple safety rules for kite flying. Here they are:

1. Fly your kite in an open field, away from electric power lines and other overhead obstructions.

2. NEVER use wire, tinsel or metallic string.

3. Be sure the string is perfectly dry.

4. If the kite catches in a power line, let go immediately. Don't pull! Phone the company owning the line and a lineman will get your kite for you.

TRAVELOGUE

By W. C. Miller

Ft. Jones is a town of some 2,500 people but they are home town people; the friendly sort that do not mind to offer a helping hand where a helping hand is appreciated. These home town people have lived in the town for years if not all their lives. So when Susan and I inquired in one of the town's several grocery stores if they could direct us to the home of Leland Evans the man said: "Sure, Becky was just in here." He stepped to the door to see if she were not in sight on the street. Not seeing her, he gave us exact directions.

We want you to meet Becky and Leland and get acquainted with them for they are a most interesting couple. Becky is buxom, good natured and happy. Leland is rugged physically and mentally a genius. They have a talented daughter 15 and a well behaved son of 12. Twelve years ago Leland held a very responsible job with a great saw mill company. He was just going to town building up security for his family's future but suddenly he lost his sight.

Eight years company doctors fought to restore his vision. He sold his properties to add to the expensive quest for vision to no avail. Today he is totally blind. Now we can meet him. He was out in the woods with his father cutting wood when we arrived at the beautiful little home. He had not seen Susan for twelve and one-half years and had never met me. When Susan said "Hello, Leland" he came right back with "Hello, Susan." Later there was a surprise meeting between Leland and a man whom he had not seen for 20 years and just as soon as the man spoke

Wednesday Evening
At Nazarene Church

Evangelist and Mrs. Dick Littrell have been engaged for an evangelistic campaign in the Cypress Church of the Nazarene. The Rev. W. D. Howard, local pastor, stated the services would begin March 22 and continue through April 2 at 7:30 o'clock each evening.

Active in the field of evangelism for some eight years, Mr. Littrell's services are much in demand. He is deeply spiritual and well educated.

Mrs. Littrell is an excellent Leland called him by name. Once he has heard a voice he remembers it.

Next morning after our arrival I went with Leland and his father out in the woods to cut wood. Leland was led to a drag saw and soon had the saw set on the log and started it going. I had to look away for a time when he first started that saw to work. There he stood within inches of that thing that could cut him limb from limb though he guided the blade and made adjustments more expertly than I could have done. The saw was old and the ignition fouled and Leland took the plugs out, cleaned and adjusted them, went over the wiring and cleaned the connections more expertly than one with perfect vision.

Leland trades, buys and sells cattle with the ranchers, the only requirement is that he must be able to get his hands on the animal. None are more expert at telling weight and condition of an animal than he. His wrecked fortunes left him with but a small house for the wife and two children. He has added two bedrooms, bath room, store room and screen porch, doing all the work himself, even to the plumbing. Having use for a trailer to transport wood, cattle, etc., he picked up an auto chassis and proceeded to build one to his liking. Finding splitting wood with an axe rather slow he built a wood splitting machine that works perfectly.

What about Becky? She is the perfect wife for such a man. She and the children act as eyes when necessary. All have ceased long ago to feel sorry for the handicap of blindness. Becky and Leland are two noble people carrying on the perfect home, giving a daughter and a son every advantage. Never had it been my pleasure to meet such an ideal couple.

Yes, we went fishing while at Ft. Jones. The Scott river runs through the valley and it is a wonderful fishing stream so they say. At the time we were there, there were some old moth eaten salmon and a few small trout. The trout had been shown so many kinds of bait that they just stopped taking anything but a mud bath.

We stayed a week with Becky and Leland and I believe they were actually sorry when we left. We made the long climb out of the valley and over the mountains into Yreka. From Yreka we followed 199 over into Shasta river and down that canyon to the Klamath and up the Klamath to Hornbrook where we stopped for a few days with Rob and Grace.

Best way to spruce up a telephone is with a soft, dry cloth... never with water, or any other liquid.

HOW TO TREAT YOUR TELEPHONE

Suggestions to help protect your service

1. A twisted cord can lead to trouble. Although the wires are especially designed for flexibility, too many twists and kinks may eventually break them and interfere with service until a repairman can call. Good idea to get the curls out by letting the receiver dangle and unwind by itself... then keep them out by remembering, each time you call, not to put turns in the cord as you handle the receiver.

2. It's built to take it... but your telephone can develop ailments if it's dropped. So make sure the stand it sits on is solid and is in a spot where it won't be accidentally bumped. Other ways to help protect service: Avoid "gadget" attachments for your telephone... keep cords clear of doorways where they may be pinched... and always keep water away from wires and fittings.

3. Did you ever stop to think that your telephone is one service or piece of equipment in your home that's repaired and maintained for life at no extra cost to you? This maintenance is one of the values included in the rates you pay for service... rates that make it one of your really good buys today.

Your telephone is one of today's best bargains

Earl R. Abbey Seeking Reelection as Coroner And Public Administrator

Bearing strong indication of unified support the announcement of the present Coroner and Public Administrator, Earl R. Abbey, that he will be a candidate to succeed himself at the June Primary was given to the press today. A significant feature of the announcement was the statement that Abbey's can-

didacy has, again, the backing of every mortician in the county, as well as the endorsement of peace officers, lawyers, and members of the medical profession. This fact is disclosed, said the announcement, only to show that his efforts to administer the office impartially, as well as efficiently, has met with the universal approval and endorsement of the business groups most nearly in a position to observe his qualifications. The announcement also disclosed the fact that Abbey, a Past President of the State Coroner's and Public Administrator's Associations, is, at this time, a director of the National Coroner's Association, and, through his contacts and association with its members, his years of experience in this office, the Orange County Coroner's and Public Administrator's Office is listed as one of the finest in the State. —Adv.

P-T.A. Meeting

By Rosalie Miller, 6-A

About 300 people attended the
P-T.A. meeting Thursday, March
9, at 7:30. The second grades put
on the program. There was a
number by Mrs. Zebrowski's
room in which the whole class

Then Mrs. Martin's room put on

was Janice Brisbin and the read-
er was Sharon Taylor.

There was also a baton num-
ber by Marietta Holborow from
Mrs. Martin's room.

Last was an operetta by Mrs.
Bartron's class. The operetta was
"Little Black Sambo" portrayed
by Jo Arthur, Mumbo was Kath-

ny Christopherson. There were
four tigers. They were Darlene

thuis and Leland Miller. Peter

and then they played it in three
acts.

It was a very nice program.

Exchange Vows
In Ceremony
Held in Yuma

The marriage of Mrs. Faye
Arnold to Otilio Rivera took
place on Tuesday, March 7, in
Yuma, Arizona at three o'clock
in the afternoon. The couple was
accompanied by his brother and
sister-in-law, Mr. and Mrs. Adolph
Rivera, of Ajonlenas, Mexico.

The bride was stunningly cos-
tumed in a grey dressmaker suit,
and wore navy blue accessories.
Her corsage was of red roses.

A single object of sentimental
value served for the something
old, borrowed and blue theme.
It was a handkerchief which had
been given the bride's mother by
her young daughter, Charlene
Arnold.

Mrs. Rivera is the daughter of
Mr. and Mrs. Elmer McWilliams,
5561 Bishop St. Her husband is
the son of Adolph Rivera, former
governor of the Mexican state of
Sinaloa, who lives in Mazatlan.
He is now a member of the
Mexican congress.

The newlyweds are residing at
Reno, Nevada.

Your Child

A WEEKLY COLUMN

conducted by Claud C. Ruch
Educational Director, Childcraft
Advisory Service in Chicago

Many small children, especially little boys, are literally fugitives from bathtub and washbowl. Their dislike of bathing and washing is frequently regarded as "cute" by doting mothers and aunts who love each grubby, little hand and dirty ear.

But, later, when little Mary and Junior are past the pre-school age and have lost their baby appeal, this same "allergy" for soap and water begins to be a cause for concern, particularly among the adult females in the family.

What many parents fail to realize is that an unpleasant experience associated with the daily bath in early childhood, may be the cause for a child's dislike of bathing.

Some of you mothers turn your children against bathing because you start off by being too conscientious about getting them 100 per cent pure-clean. In an effort to reach every dirty crevice in a tender, little face, you get soap into their eyes, or scrub their skins too hard, or dry them too briskly.

Too hot or too cold water will frighten a child; a slippery tub make him feel unsafe. So, be sure the temperature of the water is just right, and put a towel or rubber mat in the bottom of the tub. There are also safety chairs that will keep youngsters of toddler age—between one and two—from slipping down into the water because their sense of balance is still poor.

Besides being unsafe, it is also unwise for psychological reasons, to leave the small child shivering in the tub while you go to answer the door or phone.

According to the Childcraft Advisory Service, bath-time can be made one of the most enjoyable times of the day for the child with the help of floating toys and bubble bath. Allowing your little girl or boy to "help" with the washing and to turn the water on or off—provided it isn't dangerously hot—will also add to the fun.

Number Two Bowlers Finish Second In League; Number One Is Fourth

Both Merchant bowling teams took four straight points in this week's competition, which resulted in a second place standing in the final count for the Merchant No. 2 team.

Tuesday night was the last of the season's league competition for the men.

Salty Falls rolled another strong series to lead his team to the 4-0 victory over Anaheim Truck and Transfer. Fall's total pins for the evening amounted to 612.

Three teams were tied for third in games won and lost, but the Cypress Merchants No. 1 garnered fourth place, following Lalicker's Dry Goods, by virtue of total pins for the season. The Merchant No. 1 victory was a 4-0 win over U-Tel-Em market of Buena Park. Clyde O'Neal had high single game of 202.

Triangle Up to Second

With only two weeks of competition left in the Wednesday night women's handicap, the Triangle drive-in quintet has moved into undisputed second place after its two to one win Wednesday.

Captain Dorothy O'Neal and Claire Hitt were the leaders in that win, both hitting 170's.

High Shuffleboard Interest in Cypress

While softball, bowling and basketball teams from Cypress are making a reputation for the town, local unheralded shuffleboard teams are doing their bit, too.

Two of the most active teams in town are often found competing between each other, Loyd's drive-in and the R & H cafe. Loyd's was undefeated at the last report, having won over 10 straight contests from teams in this area.

Members of Loyd's team are Darrel Green, Jack Laney, Earl Holmes, Johnny Chapman, Bob Brownie, Gorman Flipp, Lew Hamel, Loyd Harder and Bob Finley.

Wilkinson Drug Store Held Up By Lone Bandit

A drug store in Buena Park was held up and robbed Friday night by a lone bandit who escaped with \$250. Two hours later two holdup men stuck-up a fruit stand at Stanton Ave. and Lincoln Blvd. and robbed owner Charles Best of \$86.55.

The drug store robbery occurred at 8:20 p.m. On duty were Druggist Charles Holiday, Anaheim, and Clerk Gladys Shaw. The bandit entered the store, asked for aspirin, then presented a .32 calibre automatic pistol and demanded money. He removed the contents from two cash registers then backed out the door and made his escape.

In the fruit stand holdup one of the bandits even stopped to recover a nickel he dropped, explaining, "I'm greedy." The young men appeared in the stand about 10:40 p.m., asked for cigarettes and then one whipped out a .38 calibre revolver and demanded the cash. The other bandit simulated that he had a gun in his pocket. They escaped to a waiting automobile, a 1947 model, driven by a third man.

VFW Will Have Hoover Report Speaker Here

Speaking in Cypress some time next month on the Hoover Commission report, a subject about which veteran's organizations have stormed the government with objections, will be Glen Hendrickson, sponsored by the Cypress VFW.

This announcement was made at the organization's meeting last week. The date of the talk will be either April 2 or 9, depending upon the availability of the school auditorium.

It is hoped that a large turnout of local veterans will be evident because of the importance of this report to the GI's.

Nominations for the offices for 1950 were made, the election to be held at the next meeting.

Dolly Hathcock and Marietta Holborow are two of Sybil Ring's majorettes who will participate in the Desert Circus parade at Palm Springs on March 25.
